Letter of Warning

On January 27, 1998, representatives of the U. S. Environmental Protection Agency (EPA) inspected your facility. The inspection was conducted under the authority of Section 3007 of the Resource Conservation and Recovery Act (RCRA). My staff has reviewed the inspection report and has determined that violations of RCRA were documented.

Enclosed is a list of violations. Please carefully read this list and correct these violations. While you are not required to submit anything at this time, you are responsible for correcting these violations. Please note that your correction of these violations does not prevent EPA from pursuing appropriate enforcement actions, including penalties, for violations discovered as a result of the inspection. The penalties sought in such an enforcement action can be up to \$27,500 per violation per day of non-compliance.

If there are any questions regarding this matter, please contact Royce B. Kemp at (913) 551-7551.

Sincerely yours,

JoAnn M. Heiman, Chief
